**Fuel filler cap
S1000RR**

S50101967942

General notes!

AC Schnitzer Fuel filler cap

Important notes!

These installation instructions must be read in their entirety before starting the installation work. completeness with regard to each work step. We reserve the right to make technical, editorial and content-related changes! AC Schnitzer accepts no liability for damage caused by improper installation!

The goods must be checked for completeness and intactness before starting work.
Later complaints cannot be considered.

These installation instructions are intended exclusively for use by authorised AC Schnitzer or BMW dealers. BMW dealers. The target group for these installation instructions is in any case specialist personnel trained on BMW vehicles with the appropriate specialist knowledge and tools. Knowledge of material properties and standards is assumed!

Before fitting:

Before fitting, the vehicle must be adequately secured to prevent it from rolling away or falling over. For this purpose, we recommend the use of the original BMW assembly stand ! Keep children and pets away from the work area! Danger of accident due to getting caught or electrical short-circuit! Therefore, remove any jewellery (chains, watches, rings, etc.) before starting work! All work must be carried out in compliance with the applicable safety regulations (e.g. protective goggles).

After assembly:

After completion of all work, a test drive must be carried out! After the test drive, check all bolted connections for tightness.
